

Finding financial help and support

The rising cost-of-living is squeezing all of our household budgets, but help and support is available for those who need it.

If you are experiencing financial hardship, have rent arrears or are dealing with debt, you should get help as soon as possible. You can get free and impartial advice and support from a range of places.

Our services

We can:

- Provide general information and advice on Council Tax discounts, disregards and exemptions, including single person discount.
- Discuss any difficulties you are having paying your Council Tax or Housing Benefit overpayment. We can discuss a payment plan to help with your overall household budgeting.
- Talk through your income to see if you may be entitled to help through our Council Tax Reduction Scheme.
- Provide advice on claiming a Discretionary Housing Payment if you are having difficulties in paying a shortfall in your rent.

Top energy saving tips

With winter on its way and energy prices rising, our helpful tips will help you save money on your energy bills.

Monitor your energy usage

Keeping a watchful eye on your energy consumption can help you decide when to change your energy use. Using a smart meter can help track your consumption in real time.

Heating thermostat

Almost half of your energy bill comes from heating and hot water usage. Turning your heating down by one degree could save up to £55* a year.

TV, computers, mobile phones etc

Avoid leaving these on standby and don't leave them to charge unnecessarily. This could save £35* a year.

Lights

Always turn off lights when not required.

Kettles

Only heat the amount of water you really need.

Hot water

Needs to be hot but never scalding. For most people the cylinder thermostat set at 60°C is fine for bathing and washing.
